# CRITICAL ACCLAIM:

“*Magnificent Obsessions Saved my Life* is not only the deliciously mischievous art of storytelling but also great meaningful cinema. The life story of the Swiss film curator is a manifesto for the power of culture.”

Ewa Hess, *Sonntagszeitung*

“A hell of a book. Matthias Brunner has immortalized his crazy and artistic life in it.

A visual firework and an incredibly exciting read.”

Mon Muellerschoen, *Bunte*

“The whole package is amazing, a map of social history, a wonderful homage to the love of his life, the art dealer Thomas Ammann, a touching portrait of Matthias Brunner, a man who has triumphed over all the difficult moments of his life and has done justice to all the glorious moments.”
